WASHING MACHINE****NOW ON DISPLAY**  
at Our Store

**SOLVES THE LABOR PROBLEM**—That's one of the vital points of the Dexter "Double Tub" Washing Machine. As the situation now stands it is almost impossible to get a wash woman at any price these days. The cost of coal, soaps, and labor have increased the price of your laundry each week nearly 50 per cent. The same work can be turned out in a more satisfactory manner with the DEXTER at one-half the price, and eliminates all the worries you've gone through the past few years. It's just another forward step in the 20th Century when one of these machines is placed in your home.

**DEMONSTRATIONS**—We will be pleased to demonstrate the DEXTER at our store, or we will go you one better by bringing the machine to your home, and let you try out your week's wash without any obligation on your part. The machine will show for itself. There's no talking to do. We know you'll like it, and you will be able to see the savings which are possible in using Dexter Double Tubs.

Come in and see us tomorrow.

**Cut This Out and Take it With You**  
A man often forgets the exact name of the article he wishes to purchase, and as a last resort takes something else instead. That is always disappointing and unsatisfactory.
